## gamesweekberlin postponed due to the Coronavirus/COVID-19

The gamesweekberlin has to be postponed until later in the year because of the increased risk of the new Coronavirus/COVID-19. Herewith we also follow the requirements of the Berlin Senate Department for Health, Care and Equality. The Berlin Senate decided on Wednesday to ban all events with 1000 or more people.

This has effect on the gamesweekberlin PRO X events: Opening Breakfast, QUO VADIS - game development & business conference, Womenize! Games & Tech and Matchmaking Dinner. The **PLAY X** with Gamefest is canceled for now. The A MAZE. / Berlin Festival of the **ART X** is also postponed. Same for the conference „Demokratie durchgespielt? Potenziale von Games für die digitale Gesellschaft“ of the Stiftung digitale Spielekultur.
